In re the Reissue Patent of

James A. SATCHELL, Jr. et al

Patent No. RE 41,543 E

Issued: August 17, 2010

Serial No.: 09/686,626

Filed: October 12, 2000

For: **VENDING MACHINE AND COMPUTER ASSEMBLY**

**REQUEST FOR CERTIFICATE OF CORRECTION OF OFFICE MISTAKE**  
**UNDER 37 C.F.R. § 1.322**

Attn: Certificate of Correction Branch  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, Virginia 22313-1450

Applicants request that a Certificate of Correction issue for this Reissue Patent based on printing errors created by the Office in printing the Patent.

Specifically, the Examiner in the Examiner's Amendment of April 5, 2010, at page 2, paragraph 4 amended the application to have "machine" underlined to show that it was an addition to the original text. In printing the Patent the entire word "machine" is missing and has been placed in italics in the Certificate of Correction.

In claim 21, as presented throughout prosecution the word "recording" has been misspelled as "recoding" in the printed Patent.

In addition, the Office did not make reference to the Divisional Reissue Patent application Serial No. 12/765,205 filed April 22, 2010, in the original printed Reissue Patent under MPEP Section 1451 and should have been corrected by the Office by their Certificate of Correction. However, in order to expedite such correction of the Office error it is made in this Certificate of Correction.

If any fee is due in connection with this Certificate of Correction, it may be charged to the undersigned's Deposit Account No. 14-1437, under Order No. 8685.002.US0001.

Date: November 5, 2010

Respectfully submitted,
